

Regional

2011 Plan Objectives

The 2011 Plan provided the PDC an opportunity to work closely with local and regional partners. Because of this close partnership and interaction, the plan has a higher level of detail than previous plans. The final product provides the flexible framework needed to develop facilities based on local needs – while being aware of adjacent jurisdictions plans. Common interests may create opportunities for multiple stakeholders to work collaboratively on similar efforts.

This information sharing resource is intended to provide better communication with local, state, regional, and federal partners. The Plan simply adds to the framework that has been ongoing for over 40 years in the New River Valley, and will continue to improve with each plan update.

Hierarchical priorities for the Region include:

1. Projects that connect towns, villages, and community centers to existing Regional Assets (listed on pages 3-5).
2. Projects that connect more than 1 community or region.
3. Projects that provide connections to other modes of transportation (public transit, park and ride lots, public parking areas, etc.)
4. Projects that connect residential areas to a school, library, or historical place of interest.
5. Projects that connect residential areas to community assets (grocery store, employment center, etc.)
6. Projects that utilize local resources and environmental friendly practices.
7. Projects that provide access to waterways – partner with VDOT to provide access near bridges.
8. Projects that establish attractive wayfinding signage for existing and proposed assets.
